

New TRS-ActiveCare MRI/CT/PET Benefit

What is USIN? USIN is a new, advanced imaging benefit provider for TRS-ActiveCare participants.

TRS-ActiveCare participants can access this high-quality network offered by USIN for advanced imaging scans, including MRI, CT and PET scans, and save on out-of-pocket costs.

Which Participants are Eligible? All TRS-ActiveCare participants — other than those in accountable care organizations* — are eligible for the USIN benefit.

Potential Significant Out-of-Pocket Savings. Participants may save significantly on their out-of-pocket costs — up to \$500 per scan or more.

What Should a Participant Do? USIN will call the Participant.

After the doctor's office submits the imaging request to Aetna and the image is pre-authorized, if a lower-cost alternative is available the USIN concierge desk will call the participant directly within 24 hours. Simple as that!

USIN Concierge Desk Services: The USIN concierge desk provides the following services **at no charge**:

- Options on where to have your MRI/CT/PET scan, all in high-quality, certified facilities
- Arranging appointments at a convenient date, time and location to the participant
- Guidance about what to expect during the exam and how to prepare
- Follow up with a written appointment confirmation, directions to the facility and important exam day reminders

Helpful Hint: Participants should add USIN's concierge desk number (**214-561-1721**) to their phone contacts so they'll know when USIN is calling.

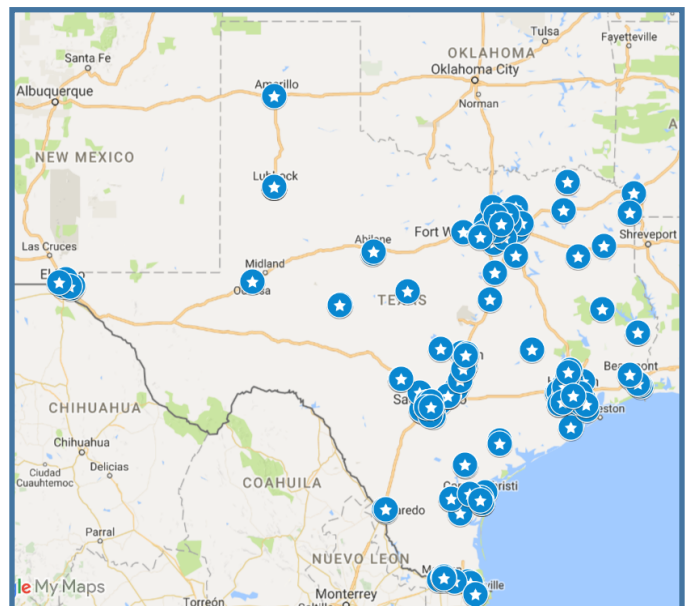

USIN currently has a total of 200 facilities in the State of Texas alone, and over 2,100 nationwide. See Texas map.

For FAQ's, please see the Aetna TRS-ActiveCare web site at: <https://www.trsactivecareaetna.com/faqs/>

USIN is available to answer any additional questions from Benefits Administrators at **877-904-5877** (toll free) or e-mail USIN at **BAQuestions@usimagingnetwork.com**.

*** Participants in the TRS-ActiveCare Select Whole Health plans are NOT eligible for the USIN benefit.**

USIN Texas Facilities (June 2018)

USIN Facilities change from time to time. Please contact USIN for the latest facility information.
