PURPOSE

The Student Code of Conduct is the district’s response to the requirements of Chapter 37 of the Texas Education Code.

The Code provides methods and options for managing students in the classroom and on school grounds, disciplining students, and preventing and intervening in student discipline problems.

The law requires the district to define misconduct that may—or must—result in a range of specific disciplinary consequences including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice education program (JJAEP), which is expulsion from school.

This Student Code of Conduct has been adopted by the Crosby ISD Board of Trustees. This Code provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline.

In accordance with state law, the Code shall be posted at each school campus or shall be available for review at the office of the campus principal. Additionally, the Code shall be available at the office of the campus behavior coordinator and posted on the district’s website. Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP or JJAEP, (expulsion), or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Because the Student Code of Conduct is adopted by the district’s board of trustees, it has the force of policy; therefore, in case of conflict between the Code and the student handbook, the Code shall prevail.

Please Note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

School District Authority and Jurisdiction

Campus Behavior Coordinator

As required by law, a person at each campus must be designated to serve as the campus behavior coordinator. The designated person may be the principal of the campus or any other campus administrator selected by the principal. The campus behavior coordinator is primarily responsible for maintaining student discipline. The district maintains a current list of the persons serving as a campus behavior coordinator in the student handbook or on the district’s website at (www.crosbyisd.org).

RESPONSIBILITIES

Each member of the school community must fulfill certain responsibilities if a positive learning environment is to be achieved. A cooperative relationship among student, parent, and educator requires that:

Parents and Guardians

- Ensure their child's compliance with school attendance requirements and promptly report and explain absences and tardies to the school.
- Assist their child in being properly attired.
- Take an active interest in the overall school program.
- Communicate regularly with the school concerning their child's conduct and progress.
- Discuss report cards and work assignments with their child.
- Bring to the attention of school authorities any problem or condition that affects their child.
- Maintain up-to-date home, work and emergency telephone numbers at the school.
- Cooperate with school administrators and teachers in their efforts to achieve and maintain a quality school system.

'Parent' Defined

Throughout the Code of Conduct and related discipline policies, the term "parent" includes a parent, legal guardian, or other person having lawful control of the child.

School Personnel

- Maintain an atmosphere conducive to good behavior.
- Are in regular attendance and on time, and are prepared to perform their duties with appropriate working materials.
- Exhibit an attitude of respect toward individuals and property and conduct themselves in a responsible manner.
- Plan a flexible curriculum to meet the needs of all students.
- Promote effective training and discipline based upon fair and impartial treatment of all students.
- Encourage parents or guardians to keep in regular communication with the school and encourage parental participation in school affairs.
- Develop a cooperative working relationship among staff and students.
- Obey district and school policies and regulations.

Students

- Attend all classes daily and on time.
- Prepare for each class; take appropriate materials and assignments to class.
- Meet district and campus standards of grooming and dress.
- Exhibit an attitude of respect and courtesy toward individuals and property, and conduct themselves in a responsible manner, always exercising self-discipline.
- Refrain from making profane, insulting, threatening or inflammatory remarks, engaging in disruptive conduct or cheating.
- Obey all campus and classroom rules.
- Seek changes in school policies and regulations in an orderly and responsible manner through approved channels.
- Respect the rights and privileges of students, teachers, and other district staff and volunteers.
- Cooperate with and assist the school staff in maintaining safety, order, and discipline.
- Adhere to the requirements of the Student Code of Conduct.

Considerations in Discipline Decisions

In deciding whether to order out-of-school suspension, DAEP, JJAEP (expulsion) the district shall take into consideration:

1. Self-defense (see page 13),
2. Intent or lack of intent at the time the student engaged in the conduct
3. The student's disciplinary history
4. If the student has a disability which substantially impairs the student's ability to appreciate the wrongfulness of his or her conduct.

Notifications & Appeals

The campus behavior coordinator shall promptly notify a student's parent by phone or in person of any violation that may result in an in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP (expulsion). The campus behavior coordinator shall also notify a student's parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort shall be made on the day the action was taken to provide to the student for delivery to the student's parent written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the campus behavior coordinator shall send written notification by U.S. Mail. If the campus behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice.

Before the principal or appropriate administrator assigns a student under 18 to detention outside regular school hours, notice shall be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

Questions from parents regarding disciplinary measures should be addressed to the teacher, campus administration, or campus behavior coordinator as appropriate. Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy FNG(LOCAL). A copy of the policy may be obtained from the principal's office, the campus behavior coordinator's office, or central administration office or through *Policy On Line* at the following address: www.crosbyisd.org.

Consequences shall not be deferred pending the outcome of a grievance.

Reporting Crimes

The principal or campus behavior coordinator and other school administrators as appropriate shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

ATTENDANCE

Absences - Excused

Texas Education Code Section 25.087

(b) A school district shall excuse a student from attending school for the purpose of observing religious holy days, including travel for that purpose. A school district shall excuse a student for temporary absence resulting from health care professionals if that student commences classes or returns to school on the same day of the appointment. *A student whose absence is excused under this subsection may not be penalized for that absence and shall be counted as if the student attended school for purposes of calculating the average daily attendance of students in the school district. A student whose absence is excused under this subsection shall be allowed a reasonable time to make up school work missed on those days. If the student satisfactorily completes the school work, the day of absence shall be counted as a day of compulsory attendance.

Failure to Attend School

Texas Education Code Section 25.094

Each board of trustees shall establish guidelines to determine what constitutes extenuating circumstances and shall adopt policies establishing alternative ways for students to make up work or regain credit lost because of absences. A certified public school employee may not be assigned additional instructional duties as a result of this section outside of the regular workday unless the employee is compensated for the duties at a reasonable rate of pay.

(c) A member of an attendance committee is not personally liable for any act or omission arising out of duties as a member of an attendance committee.

(d) If a student is denied credit for a class by an attendance committee, the student may appeal the decision to the board. All appeals must be made within 30 days of the campus attendance committee meeting. The decision of the board may be appealed by trial de novo to the district court of the county in which the school district's central administrative office is located.

(e) This section does not affect the provision of Section 25.087 of this code regarding a student's excused absence from school to observe religious holy days.

Parent Contributing to Non-Attendance

Texas Education Code Section 25.093

(a) If a warning is issued as required by Section 25.095(a), the parent with criminal negligence fails to require the child to attend school as required by law, and the child has absences for the amount of time specified under Section 25.094, the parent commits an offense.

(b) The attendance officer or other appropriate school official shall file a complaint against the parent in a justice court of any precinct in the county in which the parent resides or in which the school is located, or in a municipal court of the municipality in which the parent resides or the school is located.

(c) An offense under Subsection (a) is a class C misdemeanor. Each day the child remains out of school may constitute a separate offense.

Warning Notice

Texas Education Code Section 25.095

(a) A school district shall notify a student's parent in writing at the beginning of the school year that if a student is absent from school on 10 or more days or parts of days within a six-month period in the same school year or on three or more days or parts of days within a four-week period:

- (1) the student's parent is subject to prosecution under Section 25.093; and
- (2) the student is subject to prosecution under Section 25.094.

(b) A school district shall notify a student's parent if the student has been absent from school, without excuse under Section 25.087, on three days or parts of days within a four-week period. The notice must:

- (1) inform the parent that:
 - (A) it is the parent's duty to monitor the student's school attendance and require the student to attend school; and
 - (B) the parent is subject to prosecution under 25.093; and
- (2) request a conference between school officials and the parent to discuss the absences.

(c) The fact that a parent did not receive notice under subsection (a) or (b) does not create a defense to prosecution.

(d) In this section, "parent" includes a person standing in parental relation.

CODE OF CONDUCT VIOLATIONS

Abuse of Employees/Volunteers

Actions or threats of actions which constitute verbal or physical abuse of any employee or volunteer of the Crosby Independent School District by a student or any other individual will not be tolerated. Appropriate measures necessary to correct these situations shall be taken by the School District, including reassignment to a disciplinary alternative education program or expulsion. Verbal abuse is a Class III offense. Physical abuse is a Class IV or V offense.

Alcoholic Beverages

Any student found to have sold, given, delivered, been in possession of, or is under the influence of any alcoholic beverage while in school or while a participant in or spectator of a school-sponsored event, shall be subject to Class IV penalties with assignment to DAEP for the first offense and expulsion for the legal limit of the law for a repeated violation. An “alcoholic beverage” means any beverage containing alcohol, including wine or beer. A student is considered “in possession” if he/she has contact with the alcohol regardless of the amount of time it is in the student’s possession. If a student becomes in possession of alcohol, he/she needs to immediately inform an adult on campus. The smell of alcohol detectable on one’s breath is sufficient evidence to indicate being “under the influence.”

Bomb Threats

Any threat of this type will not be tolerated. A student making a bomb threat will be subject to placement in DAEP or expulsion and dealt with to the full extent of the law.

Bullying/Hazing

Texas Laws prohibit students from engaging in, encouraging, aiding or assisting in bullying or hazing. Bullying means engaging in written or verbal expression, expression through electronic means or physical conduct that occurs on school property, at a school-sponsored or school-related activity, or in a vehicle operated by the district that the Board or the Board’s designee determines:

1. Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property; or
2. Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student.

Hazing is defined as harassment, humiliation, and/or embarrassment of other students, which may or may not include some physical abuse. It is an intentional or reckless act, on or off campus, by one person alone or acting with others, that endangers the mental or physical health or safety of a student for the purpose of pledging, initiation into, affiliation with, holding office in, or maintaining membership in an organization.

A student found to have engaged in, encouraged, aided, assisted in, or had knowledge of and failed to report a hazing or bullying incident will be subject to Class II or III discipline.

Bus Conduct

The district shall take steps to maintain acceptable student conduct while riding school buses. Students who fail to follow the School Bus Safety Rules may be denied the privilege of school bus transportation. Parental involvement will be sought before a student is excluded from riding a bus, except in situations involving a flagrant violation. Flagrant violations include fighting, gross insubordination, and other acts that may cause a safety hazard. It should be understood by all that the bus operator has the responsibility for maintaining order on his/her school bus. Persistent misconduct while on the bus may result in the removal of the student’s bus privileges. ***Crosby ISD Transportation Procedures and School Bus Safety Rules appear in Appendix V of this book, pgs. 43- 47.***

Cell Phones/Electronic Entertainment Devices

Electronic entertainment devices (electronic games, iPod and mp3 players, cameras, etc.) should not be brought to school unless approved by your principal. The school is not responsible for the damage, loss or theft of these items. Sending, sharing, viewing or possessing pictures, text messages, emails or other material of a sexual nature in electronic or any other form on a cell phone or other electronic device is prohibited and subject to Class III discipline.

Middle School and High School students are allowed to use a telecommunications device in accordance with the BYOD (Bring Your Own Device) program guidelines. Please refer to BYOD guidelines on pgs. 38-39. If a student is out of compliance with the BYOD guidelines or other applicable rules during the school day, their telecommunications device may be confiscated. The school will not be responsible for damage, loss or theft of these items. Once a device has been taken up, the following procedure will be used to return the device:

1. The first time a device is taken up; it can be picked up by the parent no earlier than the following school day. Devices will only be returned before or after school, or during the school day if approved by the principal. An administrative fee of \$15 will be charged before the device can be returned.
2. The second time a device is taken up; it can be picked up by the parent no earlier than the following school day. Devices will only be returned before or after school, or during the school day if approved by the principal. An administrative fee of \$15 will be charged before the device can be returned.
3. If a device is taken up a third time, it will be kept until the end of the school year. Any device not claimed by September 1 following the end of the school year will be disposed of at the discretion of the district.
4. Any student refusing to give the device to school personnel will be subject to Class II discipline.

Cheating

Cheating, copying the work of another, etc. is not tolerated. Students who violate this policy are subject to appropriate disciplinary measures, which may include the loss of grade for that assignment.

Death Threats

Threats to an individual of this nature, whether written or oral, will not be tolerated or ignored and may result in a Class IV action.

Disruptive Activity

Any student acting independently or in concert, who shall willfully engage in a disruptive activity or disrupt a lawful assembly authorized by the administration on any school property or at any school-sponsored function, whether on private or public property, shall be guilty of a Class IV violation. For the purposes of this policy, "Disruptive Activity" means one or more of the following activities that are performed without the authorization of the administration of the school:

1. Obstructing or restraining the passage of persons in exit, entrance, or hallway of any building.
2. Seizing control of any building or portion of a building for the purpose of interfering with any administrative, educational, research or other authorized activity.
3. Preventing or attempting to prevent by force or violence or the threat of force or violence any lawful assembly.
4. Disrupting by force or violence or the threat of force or violence any lawful assembly.
5. Obstructing or restraining the passage of any person at any exit or entrance to school-owned property or at any location either public or private where school-sponsored functions are taking place.
6. Preventing school personnel from carrying out authorized duties through overt action or refusal to disperse.

A lawful assembly is disrupted when any person or persons acting individually or in concert perform such acts as to cause another person to be rendered incapable of participating in the assembly due to the use of force or violence or due to a reasonable fear that force or violence is likely to occur.

Dress & Grooming

The district's dress code is established to teach grooming and hygiene, instill discipline, prevent disruption, avoid safety hazards, and teach respect for authority.

Students shall be dressed and groomed in a manner that is clean and neat and that will not be a health or safety hazard to themselves or others. The District prohibits any clothing or grooming that in the principal's judgment may reasonably be expected to cause disruption of or interference with normal school operations.

The district prohibits pictures, emblems, or writings on clothing that:

1. Are lewd, offensive, vulgar, or obscene.
2. Advertise or depict tobacco products, alcoholic beverages, drugs, or any other substance prohibited under FNCF(LEGAL).

The student and parent may determine the student's personal dress and grooming standards, provided that they comply with the general guidelines set out above and with the student dress code outlined in the student's campus handbook.

The principal, in cooperation with the sponsor, coach, or other person in charge of an extracurricular activity, may regulate the dress and grooming of students who participate in the activity. Students who violate dress and grooming standards established for such an activity may be removed or excluded from the activity for a period determined by the principal or sponsor and may be subject to other disciplinary action, as specified in the Student Code of Conduct.

Electronic Equipment in the Classroom

Students may only use audio visual or electronic equipment in the classroom with permission of the teacher. These items include, but are not limited to audio or video taping equipment. The school is not responsible for the damage, loss or theft of these items. Students who violate this policy will be subject to Class I discipline. [Refer to Appendix I – Responsible Use Guidelines on page 36 for further explanation]

Exposure

Inappropriate exposure of body parts, even without any sexual intent, is a serious offense and will be subject to Class III or Class IV discipline.

Gambling

Students are forbidden to gamble in a school building or on school property. Students found to have violated this rule are subject to Class I or Class II discipline.

Gang-Free Zones/Gang Activity

Any student found to have engaged in organized criminal activity, gang-related and other criminal acts within 1000 feet of any public or private elementary or secondary school, or institution of higher education will be subject to appropriate disciplinary action. Student behavior considered to be "gang related" will not be tolerated at school or at any school activity regardless of the location of the activity. This includes, but is not limited to: articles of clothing, hand signs, graffiti, and any other behaviors considered by the administration to interfere with the educational program of the school. Students found to have violated this rule are subject to Class II discipline.

Inappropriate Sexual Conduct

Inappropriate sexual conduct encompasses any inappropriate, indecent or offensive public act that implies or involves contact of a sexual nature. Any student found to have engaged in this activity is subject to Class IV discipline.

Insensitivity to Others

Inappropriate verbal or physical behavior that is motivated due to race, ethnicity, culture, gender or disabilities will not be tolerated. Students found to have violated this rule are subject to Class III discipline.

Interference with School Activities or Discipline

Any student whose conduct, whether in class or out, materially and substantially interferes with school activities, school-sponsored functions (whether on public or private property) or school discipline, or invades the rights of teachers or other students, shall be in violation of a Class III type offense. "Conduct" includes, but is not limited to, the following activities: preparing, circulating or presenting petitions; displaying on or about his/her person, books, materials, locker or vehicle, symbols, arm bands, flags, pennants, signs or other decorations; and preparation, printing, publishing or distributing any unauthorized publication, periodical, paper, pamphlet, magazine or book.

Lockers - Security and Search

Lockers, as provided by the school district, are purchased, furnished and maintained by the school district and remain the property of the school district. The decision to assign lockers rests with the school principal. No charges are made for their use.

Items of non-school nature should not be placed or kept in lockers as they are subject to inspection by administrative authorities at any time without prior notice to or permission from students. A student has full responsibility for the security of the locker and is responsible for making certain that it is locked and that the combination is not available to others. Searches of lockers may be conducted at any time, whether or not the student is present.

Any student who shall place, keep or maintain any article or material in a school-owned locker that is of a non-school nature and materially and substantially interferes, or the administration has reasonable cause to believe would materially and substantially interfere with school activities or school-sponsored functions or with the rights of teachers or other students, shall be subject to Class III, IV, or V discipline.

Marijuana, Dangerous Drugs, Narcotics

The use of harmful drugs poses a serious threat to the physical, psychological and emotional health of individuals, their families, and their communities. In recognition of this fact, the Crosby Independent School District enforces the following policy:

Any student found to have had a controlled substance, depressant or stimulant substances, narcotics, marijuana or dangerous drugs in his/her possession, or found to have been under the influence thereof while in school or while a participant in or spectator at a school-sponsored event shall be guilty of a Class IV offense and will be placed in DAEP or expelled for repeated offenses. A student is considered "in possession" if he/she has contact with the substances listed above regardless of the amount of time it is in the student's possession. If a student becomes in possession of one of these substances, he/she needs to immediately inform an adult on campus. Those students involved in selling or distributing a controlled substance, inhalant, or dangerous drug while in school or while a participant in or spectator at a school-sponsored event will be subject to expulsion. Other sanctions may include completion of a drug rehabilitation program or referral for prosecution.

The substances covered and prohibited include all those substances considered to be marijuana, dangerous drugs, narcotics, depressant or stimulant substances, controlled substances and simulated controlled substances listed in the state and federal codes covering the possession, sale, and use of such Controlled Substances, Drugs and Narcotics. The

policy also covers and prohibits all forms and species of the plant substance known as marijuana as well as any abusable chemical substance used for inhalation such as glue, aerosol paint, thinners, etc.

Information regarding drug and alcohol rehabilitation or counseling services is available through school nurses and counselors. A student may not keep in his/her possession any medication, even medication for which he/she has a prescription, per district medication policies. Failure to comply may result in Class III discipline. (The only exceptions to this policy are doctor-prescribed medications which address emergency medical situations and are designed to be self-administered, such as the use of asthma inhalers or EpiPens in medical emergencies.)

Misuse of Technology Resources

(For additional guidelines, see Responsible Use Guidelines in Appendix I, page 33)

Students shall not:

- Use a telecommunications device, including a cellular telephone, or other electronic device in violation of district and campus rules.
- Violate policies, rules, or agreements signed by the student or the student's parent regarding the use of technology resources.
- Attempt to access or circumvent passwords or other security-related information of the district, students, or employees or upload or create computer viruses, including off school property if the conduct causes a substantial disruption to the educational environment.
- Attempt to alter, destroy, or disable district technology resources including but not limited to computers and related equipment, district data, the data of others, or other networks connected to the district's system, including off school property if the conduct causes a substantial disruption to the educational environment.
- Use the Internet or other electronic communications to threaten district students, employees, or volunteers, including off school property if the conduct causes a substantial disruption to the educational environment.
- Send, post, or possess electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal, including cyberbullying and "sexting," either on or off school property, if the conduct causes a substantial disruption to the educational environment.
- Use e-mail or Web sites to engage in or encourage illegal behavior or threaten school safety, including off school property if the conduct causes a substantial disruption to the educational environment.

Persistent Misbehavior

In determining the class of misconduct, the school district defines persistent misbehavior as continued violations of the Code of Conduct.

Possession or Use of Tobacco

Matches, lighters, or other items related to the ingestion/intake of tobacco products; cigarettes; e-cigarettes; and any component, part or accessory for an e-cigarette device are not permitted at school nor at school-related functions. Possession of any tobacco product is a Class C misdemeanor, and a citation may be issued. A student is considered "in possession" if he/she has contact with tobacco or a tobacco product on campus or at a school sponsored event regardless of the amount of time it is in the student's possession. If a student becomes in possession of tobacco or a tobacco product, he/she needs to immediately inform an adult on campus. Possession of any of the above is also subject to Class II discipline.

Public Display of Affection

The inappropriate public display of affection may result in a Class I disciplinary action. Enforcement of this provision is subject to the discretion of the campus administrator.

School Property

A good citizen, among other things, takes pride in the care of school property, realizing that the appearance of the building and campus is a credit or discredit to himself/herself, as well as to the student body in general.

Crosby's public schools, together with their equipment and furnishings, belong to the citizens of the school district. They have been placed here for the benefit of the students and should be cared for at all times.

Any student found to have intentionally, knowingly or recklessly damaged or destroyed school property shall be required to compensate the School District for the full extent of the damage and shall be subject to Class III disciplinary measures. Students found to have intentionally, knowingly or recklessly damaged or destroyed school property may be refused admittance to school or school-sponsored functions until full restitution has been made for such damages.

Self Defense

The privilege of self-defense is limited. A claim of self-defense in the use of physical force will not exempt a student from discipline when:

1. The student provokes, invites or encourages the use of physical force by another person.
2. The student has an opportunity to avoid physical force or to inform a school official of the threatened use of force.
3. The student uses physical force after the other party abandons or attempts to abandon a fight or confrontation.
4. The student does not attempt to walk away from a confrontation.
5. The student does not attempt to get help from a school official.

Sexual Harassment

Unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature will not be tolerated at school or at any school-related activity. Students found to have violated this rule are subject to Class III discipline.

Weapons

A student shall not possess, exhibit, use or threaten to exhibit or use any firearm, explosive weapons, illegal knife or materials that could be used as a weapon, as further described below, to inflict physical harm or damage to persons or property on school property or at any school-related function, whether on or off school property. A student is considered "in possession" if he/she has contact with a weapon regardless of the amount of time it is in the student's possession. If a student becomes in possession of a weapon, he/she needs to immediately inform an adult on campus. Weapons include, but are not limited to:

Weapons – expellable (Class VI)

Firearm – any device designed, made, or adapted to expel a projectile through a barrel by using the energy generated by an explosion or burning substance or any device readily convertible to that use.

Illegal Knife - blade longer than 5.5 inches or a hand instrument designed to cut or stab another by being thrown; a dagger; included but not limited to a dirk, stiletto, and poniard; a bowie knife, a sword or a spear.

Illegal Club – an instrument that is specifically designed, made, or adapted for the purpose of inflicting serious bodily injury or death by striking a person with the instrument.

Prohibited Weapons:

- Explosive weapon
- Machine gun
- Short-barrel firearm
- Firearm silencer

- Switchblade knife
- Knuckles (i. e. brass knuckles)
- Armor-piercing ammunition
- Chemical dispensing device (such as mace but not pepper spray)
- Zip gun
- Tire deflation device

Any student in possession of an illegal weapon shall be expelled for the maximum time allowed by law. Possession of a firearm on school property or at any school activity, regardless of the location of the activity, will result in expulsion for one calendar year.

Weapons – not expellable (Class IV)

These include but are not limited to:

- Any object used in a way that threatens to inflict bodily injury on another person
- Firearm ammunition
- Fireworks of any kind, smoke or stink bombs, or any other pyrotechnic device
- Chains
- Razors (including box cutters)
- Pellet gun
- BB gun
- Stun gun
- Airgun
- Toys that imitate weapons (“look alike”)
- Pepper Spray

The possession or use of articles not generally considered illegal or prohibited weapons is not allowed when, in the judgment of the principal or designee, a reasonable apprehension of danger exists to the student in possession, other students, staff or school property by virtue of the possession or use. Toys that imitate weapons are not acceptable.

DISCIPLINARY POLICIES & PROCEDURES

Classes of Misconduct

Discipline will be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action will draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative discipline practices. The Crosby Independent School District Discipline Management Program classifies student misconduct into six classes. Appropriate types of disciplinary techniques are listed for each class. Appeal procedures for parents are also given. Consideration will be given to student intent and disciplinary history in each decision concerning suspension, removal to a disciplinary alternative education program, expulsion, or placement in a juvenile justice alternative education program, regardless of whether the decision concerns a mandatory or discretionary action. The district will take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct. The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, state and/or federal law will prevail.

NOTE: Placement time for students in DAEP or Highpoint, and all placements in JJAEP is the remainder of the nine weeks in which the infraction occurred plus one additional nine weeks. This placement may extend into the following semester or school year. A senior placed in DAEP or Highpoint during the fourth grading period may not be eligible to participate in the graduation ceremony pending the DAEP committee decision. Code of Conduct Descriptions & Definitions

Conduct Before and After School

Teachers and administrators have full authority over student conduct before or after school on district premises and at school-sponsored events off of district premises. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter code of conduct established for participants by a sponsor in accordance with board policy. After dismissal of school in the afternoon students are to leave campus immediately unless involved in an activity under the supervision of a teacher.

Detention

Preceding the assignment of detentions, a student shall be afforded the opportunity to explain or defend the actions being questioned. Detentions normally are scheduled for subsequent days so that a student may make arrangements for transportation, if necessary.

Disciplinary Alternative Education Program (DAEP)

When a student has engaged in serious or persistent misbehavior that threatens to impair the educational efficiency of the classroom and/or the school, then that student may be reassigned to a disciplinary alternative education program. Students assigned to disciplinary alternative education programs are not permitted to be on school property, participate in extracurricular activities or attend school-related activities until they have successfully completed the alternative assignment.

Removals to a DAEP shall be made by the **campus behavior coordinator**.

The DAEP shall be provided in a setting other than the student's regular classroom. An elementary school student may not be placed in a DAEP with a student who is not an elementary school student.

For purposes of DAEP, elementary classification shall be grades K-5 and secondary classification shall be grades 6-12. Students placed in DAEP may continue to earn credit for core courses (math, English, science, history). Courses needed for graduation may be provided through a variety of ways—summer school, correspondence courses, night classes, etc. Summer programs provided by the district shall serve students assigned to a DAEP separately from those students who are not assigned to the program.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student's disciplinary history.
4. If the student has a disability which substantially impairs the student's ability to appreciate the wrongfulness of his or her conduct.

The parent or guardian of a student placed in DAEP shall be given written notice of the student's opportunity to complete coursework required for graduation, at no cost to the student. The notice shall include information regarding all methods available for completing the coursework.

As per the Texas Education Code, a student shall be removed from class and placed in a disciplinary alternative education program if the student engages in conduct punishable as a felony or engages in certain activities on or within 300 feet of school property, as measured from any point on the school's real property line or while attending a school-sponsored or school-related activity on or off of school property. These activities are listed under Class IV and Class V in the Classes of Misconduct.

Students must be placed in a disciplinary alternative education program for violent offenses that occur off campus and while the student is not in attendance at a school-sponsored or school-related activity. These offenses are identified as aggravated robbery or offenses listed in Title V of the Penal Code and include murder, manslaughter, criminally negligent homicide, false imprisonment, kidnapping, aggravated kidnapping, indecency with a child, sexual assault, aggravated assault, aggravated sexual assault, injury to a child (or to an elderly or disabled person), abandoning or endangering a child, terroristic threat, aiding suicide, tampering with consumer products, and engages in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school. In order for a student to be placed in DAEP or JJAEP the board or its designee must find that the student has met one of the following circumstances: received deferred prosecution for; being found by a court or jury to have engaged in; been charged with; been referred to a juvenile court for allegedly engaging in conduct constituting; or have received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or one of the delinquency offenses listed in Title V of the Penal Code.

In addition, a student may be removed from class and placed in a DAEP if the superintendent or superintendent's designee has a reasonable belief that the student has engaged in conduct defined as a felony offense other than those defined in Title V of the Penal Code and the continued presence of the student in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process (including information furnished under Article 15.27 of the Code of Criminal Procedure).

Students may also be placed in a disciplinary alternative education program as a condition of probation by a juvenile court or placed by a municipal court or justice of the peace under Article 45.051 of the Code of Criminal Procedure.

Students who leave the district before completing their assignment in DAEP are subject to completing the assignment if they return to the district if the infraction occurred during the year the student re-enrolls or the previous year. Assignment to DAEP may also be extended for students who have excessive absences during the time they are assigned to DAEP. A student enrolling in the Crosby ISD will be required to fulfill any disciplinary placement order from the district the student had previously attended.

Emergency Placement

In an emergency, the principal or the principal's designee may order the immediate placement of a student in a DAEP for any reason for which placement in a DAEP may be made on a nonemergency basis. When an emergency placement occurs, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

Placement Review

A student placed in a DAEP shall be provided a review of his or her status, including academic status, by campus behavior coordinator or the board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent.

Length of Placement

The duration of a student's placement shall be determined on a case-by-case basis. DAEP placement shall be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misconduct, the student's attitude, and statutory requirements. The duration of a student's placement in a DAEP shall be determined by the **campus behavior coordinator**.

The maximum period of DAEP placement shall be one calendar year except as provided below.

Exceeds One Year:

Placement in a DAEP may exceed one year when a review by the district determines that:

1. The student is a threat to the safety of other students or to district employees, or
2. Extended placement is in the best interest of the student.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board's decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

Exceeds School Year:

Students who commit offenses requiring placement in a DAEP at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the campus behavior coordinator or the board's designee must determine that:

1. The student's presence in the regular classroom or campus presents a danger of physical harm to the student or others, or
2. The student has engaged in serious or persistent misbehavior (see glossary) that violates the district's Code.

Due Process

Due process will be provided to all students in the handling of discipline cases in the Crosby Independent School District. The teacher is vested with the responsibility for control of the pupils assigned to his/her supervision. Students deemed by a teacher to require disciplinary treatment will be sent to the principal. When assigned the responsibility for student discipline, another administrator may act in the place of the principal.

The principal will have the authority to prescribe appropriate disciplinary measures when in his/her judgment such actions are necessary. Except as provided below, before determining whether any disciplinary measures are appropriate, the principal will have a conference with the student, at which time the student will be told what he/she is accused of doing and the basis of the accusation. The student will be given an opportunity to explain his/her version of the facts. An investigation will be conducted by the principal/designee if necessary. The principal will then decide what, if any, disciplinary action is warranted. Parents will be informed when reassignments are being considered and will be given an opportunity to participate in the conference prior to the reassignment.

Students whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process may be immediately removed from school. In such cases, the necessary notice and conference will follow as soon as practical. Reassignments may be appealed to the superintendent or designee. Upon appeal, a conference will be scheduled for reviewing the reassignment. All parties will be allowed to participate in the conference. Pending any appeal, a removal to a disciplinary alternative education program may be effected.

DAEP Appeals

Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student's **placement** in a DAEP should be addressed **in accordance with FNG(LOCAL)**.

A copy of this policy may be obtained from the principal's office, **the campus behavior coordinator's office**, the central administration office, or through *Policy On Line* at the following address: www.crosbyisd.org.

Appeals shall begin at the appropriate level of the complaint process; i.e. Level One with the principal.

Restrictions during Placement

The district does not permit a student who is placed in a DAEP to participate in any school-sponsored or school-related Extracurricular or co-curricular activity, including seeking or holding honorary positions and/or membership in school-sponsored clubs and organizations.

The district shall provide transportation to students in a DAEP.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the placement in the program shall continue through graduation, and the student shall not be allowed to participate in the graduation ceremony and related graduation activities.

Expulsion

Expulsion is the removal of a student from school for a specific period of time as determined by the district. A student shall be removed from school without resort to a district disciplinary alternative education program if the student, on school property or while attending a school-sponsored or school-related activity on or off school property, commits offenses as listed in Classes of Misconduct V and VI.

In deciding whether to order expulsion, regardless of whether the action is mandatory or discretionary, the ~~district~~ **campus behavior coordinator** shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student's disciplinary history.
4. If the student has a disability which substantially impairs the student's ability to appreciate the wrongfulness of his or her conduct.

If a student commits a behavior under state law that would require an expulsion or if a student commits a behavior under state law that would allow for discretionary expulsion under the Student Code of Conduct and the campus behavior coordinator or other appropriate administrator reasonably believes that the immediate expulsion of the student is necessary to protect persons or property from imminent harm, then the student may be expelled on an emergency and temporary basis to a setting without educational services available pending an expulsion hearing taking place. The student's parent shall be invited in writing to attend the hearing.

Until a hearing can be held, the **campus behavior coordinator or other administrator** may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

A student who has been expelled is not permitted to be on school property, participate in or attend any school-related activities, regardless of the location of the activity.

Students who leave the district before completing their expulsion assignment to JJAEP are subject to completing the assignment if they return to the district if the infraction occurred during the year the student re-enrolls or the previous year.

Hearing

A student facing expulsion shall be given a hearing with appropriate due process. The student is entitled to:

1. Representation by the student's parent or another adult who can provide guidance to the student and who is not an employee of the district,
2. An opportunity to testify and to present evidence and witnesses in the student's defense, and
3. An opportunity to question the district's witnesses.

After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student's parent attends.

The board of trustees delegates to the principal authority to conduct hearings and expel students.

Board Review of Expulsion

After the due process hearing, the expelled student may request that the board review the expulsion decision. The student or parent must submit a written request to the superintendent within 15 days after receipt of the written decision. The superintendent must provide the student or parent written notice of the date, time, and place of the meeting at which the board will review the decision.

The board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board's designee.

The board shall hear statements made by the parties at the review and shall base its decision on evidence reflected in the record and any statements made by the parties at the review. The board shall make and communicate its decision orally at the conclusion of the presentation. Consequences shall not be deferred pending the outcome of the hearing.

Expulsion Order

Before ordering the expulsion, the board or campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student's disciplinary history.
4. If the student has a disability which substantially impairs the student's ability to appreciate the wrongfulness of his or her conduct.

If the student is placed in the DAEP, the board or its designee shall deliver a copy of the DAEP placement order to the student and the student's parent. Not later than the second business day after the conference, the board's designee shall deliver to the juvenile court a copy of the placement order and all information required by Section 52.04 of the Family Code. If the student is placed in the DAEP and the length of placement is inconsistent with the guidelines included in this Code, the placement order shall give notice of the inconsistency

Emergency Placement

In an emergency, the campus behavior coordinator **may** order the immediate expulsion of a student for any reason for which expulsion may be made on a nonemergency basis.

When an emergency expulsion occurs, the student shall be given verbal notice of the reason for the action. Within ten days after the date of the emergency expulsion, the student shall be given appropriate due process required for a student facing expulsion.

Length of Expulsion

The length of an expulsion shall be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, any disability which substantially impairs the student's ability to appreciate the wrongfulness of the student's conduct and statutory requirements.

The duration of a student's expulsion shall be determined on a case-by-case basis. The maximum period of expulsion is one calendar year except as provided below.

An expulsion may not exceed one year unless, after review, the district determines that:

1. The student is a threat to the safety of other students or to district employees, or
2. Extended expulsion is in the best interest of the student.

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent or other appropriate administrator may modify the length of the expulsion on a case-by-case basis. Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

Under Age Ten

If a student under ten years of age engages in expellable conduct, the student must be placed into a disciplinary alternative education program. A student under age six shall not be placed in a DAEP unless the student commits a federal firearm offense.

Newly enrolled students

The district shall decide on a case-by-case basis whether to continue the placement of a student who enrolls in the district and was assigned to a DAEP in an open-enrollment charter school or another district. The district may place the student in the district's DAEP or a regular classroom setting.

Registered Sex Offenders

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the administration must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the placement will shall be in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the placement may be in DAEP or JJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the board or its designee determines that the student's presence:

1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interests of the district's students.

In-School Suspension (ISS)

In-school suspension involves the assignment of a student to a specific room on campus for a period of time to be determined by campus administration. A student placed in ISS will receive assignments from each classroom teacher and will be expected to complete all work assigned. Students placed in ISS will not be eligible to participate in extracurricular activities until the ISS placement is complete.

Jurisdiction

School rules and the authority of the district to administer discipline apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

The district has disciplinary authority over a student:

1. During the regular school day and while the student is going to and from school on district transportation;
2. During lunch periods in which a student is allowed to leave campus;
3. While the student is in attendance at any school-related activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. When retaliation against a school employee or volunteer occurs or is threatened, regardless of time or location;
6. When criminal mischief is committed on or off school property or at a school-related event;
7. For certain offenses committed within 300 feet of school property as measured from any point on the school's real property boundary line;
8. For certain offenses committed while on school property or while attending a school-sponsored or school-related activity of another district in Texas;
9. When the student commits a felony, as provided by Education Code 37.006 or 37.0081; and
10. When the student is required to register as a sex offender.

Out-of-School Suspension

State law allows a student to be suspended for no more than three school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year.

Before being suspended a student shall have an informal conference with the campus behavior coordinator or appropriate administrator, who shall advise the student of the conduct of which he or she is accused. The student shall be given the opportunity to explain his or her version of the incident before the administrator's decision is made.

Students who have been suspended are not permitted to participate in extracurricular activities or attend school-related activities until they have successfully completed their suspension.

In deciding whether to order out-of-school suspension, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student's disciplinary history.

The campus behavior coordinator shall determine any restrictions on participation in school sponsored related extracurricular and co-curricular activities.

Students may be suspended for any behavior listed in the Code as a general conduct violation, DAEP offense, or expellable offense.

The number of days of a student's suspension shall be determined by the campus behavior coordinator, but shall not exceed three school days.

Physical Restraint of Students

Any district employee may, within the scope of the employee's duties, use physical restraint in a situation in which a student's behavior poses a threat of imminent, serious physical harm to himself or others, or imminent, serious destruction of property.

Police Questioning of Students

School officials will cooperate with law enforcement agencies (police, fire, probation, etc.) in regard to questioning students at school. If questioning occurs:

- The principal or designee will verify the identity of the officer and ask for an explanation of the need to question the student.
- The principal or designee will make a reasonable effort to notify parents, as a courtesy rather than to seek permission, unless asked not to do so by the officer.
- The principal or designee will ordinarily be present unless the officer asks the principal or designee not to be present. State law also requires a district to permit students to be taken into custody to comply with juvenile court orders, laws of arrest, etc. If a student is taken into custody, a release form will be signed by the officer, and an effort will be made in a timely manner to contact the parents by either the officer or school personnel.

Removal from the Regular Educational Setting

Routine Referral

A routine referral occurs when a teacher sends a student to the campus behavior coordinator's office as a discipline management technique. The campus behavior coordinator shall employ alternative discipline management techniques, including progressive interventions. A teacher or administrator may remove a student from class for a behavior that violates this Code to maintain effective discipline in the classroom.

Formal Removal

A teacher **may** also initiate a formal removal from class if:

- 1) The student's behavior has been documented by the teacher as repeatedly interfering with the teacher's ability to teach his or her class or with the student's classmates' ability to learn; or
- 2) The behavior is so unruly, disruptive, or abusive that the teacher cannot teach, and the students in the classroom cannot learn.

Within three school days of the formal removal, the campus behavior coordinator or appropriate administrator shall schedule a conference with the student's parent; the student; the teacher, in the case of removal by a teacher; and any other administrator.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student of the misconduct for which he or she is charged and the consequences. The student shall have an opportunity to give his or her version of the incident.

When a student is removed from the regular classroom by a teacher and a conference is pending, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

A teacher or administrator must remove a student from class if the student engages in behavior that under the Education Code requires or permits the student to be placed in a DAEP or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP or expulsion shall be followed.

Returning Student to Classroom

When a student has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder, the student may not be returned to the teacher's class without the teacher's consent.

When a student has been formally removed by a teacher for any other conduct, the student may be returned to the teacher's class without the teacher's consent, if the placement review committee determines that the teacher's class is the best or only alternative available.

Search of Students

Any article or material of a non-school nature should not be kept, maintained, transported or produced on or about any school-owned property or any school-sponsored activity. Any student may be searched if, in the opinion of the administration, reasonable cause exists to determine if such a violation of this policy exists. School lockers or desk, personal effects of suspected students, as well as vehicles on school property are also subject to being searched. A student driving any vehicle onto school grounds is responsible for all the contents of that vehicle. The district has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable cause to believe it contains articles or materials prohibited by the district.

Any student who shall have on or about his/her person any article that materially and substantially interferes or that the administration has reasonable cause to believe would materially and substantially interfere with school activities or school-sponsored activities or with the rights of teachers or other students, shall be subject to the provisions of the Student Code of Conduct. Any student who shall refuse to allow such searches shall be subject to Class IV discipline.

Students with Disabilities

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, state and/or federal law shall prevail.

In accordance with the Education Code, a student who is enrolled in a special education program may not be disciplined for conduct meeting the definition of bullying, harassment, or making hit lists (see glossary) until an ARD committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

BYOD (Bring Your Own Device)

Crosby ISD is now offering a **filtered** CISD Wi-Fi for Crosby High School and Crosby Middle School. Students in grades 7-12 may bring a personal device to school and use for educational purposes. Students are expected to connect to the filtered CISD Wi-Fi to ensure access to the best online resources.

Important Facts

- Students in grades 7-12 may now bring their own technology devices (laptop, netbook, cellphone, tablet, etc.) to Crosby High School and Crosby Middle School and they will be utilized in the classroom at the **discretion of the teacher**.
- Users of the CISD Wi-Fi network have **filtered** Internet access just as they would on a district owned device.
- Crosby ISD offers many educational resources via the Internet. These resources can be accessed anytime, anywhere the student has access to the Internet; therefore, learning is extended beyond the classroom.
- By Connecting to the CISD Wi-Fi, users accept the terms of Crosby ISD Responsible Use Guidelines (RUG).
- Use of technology is a privilege and not a right.
- Students are expected to exhibit digital responsibility and follow the Responsible Use Guidelines (RUG) while using technology.

The Responsible Use Guidelines (RUG) may be found on crosbyisd.org and a copy will be provided to your student.

Responsibility for Devices

- The technology devices students bring to school are their sole responsibility.
- The campus or district assumes no responsibility for personal devices if they are lost, loaned, damaged, or stolen and only limited time or resources will be spent trying to locate stolen or lost items.
- Personal devices may be subject to investigation in accordance with District Policy.
- Students are to keep their devices secure at all times and not loan to others.
- Students must keep devices on silent or vibrate mode

Appropriate Student Use

As with any tool, there are appropriate places and times for the use of devices on the CISD Wi-Fi network. Below are the levels and permissible situations for use. Campus administrators and teachers have the right to prohibit use of devices at certain times or during designated activities (i.e. campus presentation, theatrical performance, or guest speaker) that occur during the school day.

Usage	Middle School	High School
When designated for learning by teacher		
During Passing Periods		
During Lunch		
Specific Procedures will be announced by campuses		

Grading of Student Work

Students who do not have access to personal devices will be provided with an alternative way of completing the assignment or a district owned device may be provided based on availability.

Tips for Success with CISD Wi-Fi

- Clearly label all devices and power cords with your student's name
- Set a password or passcode on the device
- Bring devices to school fully charged and in good working order
- Record the serial number and model information at home
- Students may bring headphones to use with their device as many digital resources have audio
- Your homeowner's or renter's insurance policy may cover lost or damaged personal electronic devices
- Students should silence or place devices on vibrate while working in class

Responsible Use of Technology

Other important guidelines to share with your child about Digital Citizenship and safety are:

- Use strong passwords
- Do not share passwords
- Keep addresses, phone numbers, and other personal information private
- Be respectful when communicating
- Do not connect with people you do not know personally
- Students are expected to connect to the filtered Crosby ISD Wi-Fi while on campus
- Report any suspicious information to an adult immediately
- Photos are to be taken only when directed by the classroom teacher
- Students must not loan or share personal device with others

Rules defining student conduct are designed to protect the passengers and shall include, but not limited to, the following:

1. The bus driver is in charge of students on the bus. Students shall follow the driver's directions in regards to bus safety rules and bus operations at all times.
2. Buses will stop at designated stops only. Students are to arrive at their bus stop (10) minutes before their pick up time. Students will wait next to (but not in) the street, driveway or parking lot. Students must wait for the bus to come to a complete stop before approaching to board or standing to leave the bus. Drivers cannot wait pass the designated pickup time.
3. Stay in your seat and face the front: Students will remain properly seated at all times and not block the center aisle (*facing forward keeping feet on the floor in front of them*). All students will remain inside their seat compartment at all times. All students will be assigned a seat.
4. Students are not allowed to consume food, drink, or tobacco products on the bus. (Exception: During extreme heat, drivers may allow students to consume water only in plastic containers). Glass containers are prohibited on the bus.
5. Students are not to engage in loud talking, yelling, using profanity, abusive or inappropriate language, displaying obscene gestures or gang signs. The bus driver may require any or all students to be silent on the bus.
6. Scuffling, shoving, hitting, or fighting is prohibited on the bus and at designated bus stops. Students must keep all body parts and personal objects from contacting another student.
7. Damage to personal items is not covered by the district's insurance company. We will not be responsible for items carried on the bus if lost, stolen, or damaged.
8. Students are not allowed to bring insects, animals, or harmful objects on the bus (i.e., weapons, drugs, alcohol, tobacco, fireworks, laser lights, etc.).
9. Band instruments or class projects are allowed on Crosby ISD buses provided they can be held by the student (not taller than shoulder or seat high), fit in the seat with the student, do not interfere with the availability of seating for other students, and do not interfere with the safety of students or bus operation. In the event that any of these conditions exist, parents will be responsible for an alternate means of transporting their child's instrument and/or project to and from school.
10. Students shall not deface or vandalize the bus or related equipment. Students who violate this rule will be required to pay for damages.
11. No spitting. No student shall cause their body fluids to make contact with other persons and/or common objects on the bus.

12. Littering or throwing items inside or from the bus is prohibited.

17. Bus rider rules apply to all school sponsored events.
18. Students are not allowed to use electronic devices while riding on a bus. "Use" is defined as having a device that is turned on, emits an audible signal, vibrates, displays a message, or otherwise summons, delivers or receives a communication to the possessor. Student consequences for violation of this policy: Electronic devices will be confiscated and the parent has the option of paying \$15.00 cash fee to retrieve the device early or it will be held in the office for a period of 7-Days and will then be released to the parent. Refusal to give the device to the driver will result in a bus referral. Repeated incidents of the same offense will result in additional consequences.

Removal from the School Bus

A bus driver may refer a student to the principal's office **or the campus behavior coordinator's office** to maintain effective discipline on the bus. The principal **or campus behavior coordinator** must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student's bus riding privileges

Since the district's primary responsibility in transporting students in district vehicles is to do so as safely as possible, the operator of the vehicle must focus on driving and not have his or her attention distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal or the campus behavior coordinator may re-strict or revoke a student's transportation privileges, in accordance with law.
