House Bill 3 Early Childhood and CCMR Plans and Goals

In 2019, House Bill 3 (HB 3) amended the Texas Education Code (Sec. 11.185 and 11.186) to include plans that target early childhood literacy and math proficiency, and college, career, and military readiness.

Plan Requirements:

Under HB 3, school boards are required to adopt plans in early childhood literacy and math, as well as college, career, and military readiness. All plans are required to include:

- an annual review by the board at a public meeting
- an annual report posted on district and campus websites
- specific, quantifiable, annual goals for five years at each campus

House Bill 3 Early Childhood and CCMR Plans and Goals

In keeping alignment with the state's 60x30TX goal, the School Finance Commission recommended establishing a PreK through 12th grade goal of at least 60 percent proficiency at TEA's "Meets" standard at two key "checkpoints" along the state's public PreK through 12th grade educational continuum:

- Sixty percent of all students meeting the state's "Meets" standard at third-grade reading.
- Sixty percent of all high school seniors graduating without the need for remediation and achieving (1) an industry-accepted certificate aligned with a living wage job; or (2) enrolling in post-secondary education' or (3) enrolling in the military.
