

Tess Humphries
Crosby High School
Social Studies Teacher

Ms. Humphries is another Crosby ISD alumnus that we are so proud to have as part of our staff. She has taught a total of 6 years. US History has been her subject every year, with the exception of this year when she taught World History. Next year, she'll be back to teaching her favorite US History. Ms. Humphries serves as one of the Student Council sponsors at Crosby High School. She graduated from Crosby in 2006 and was actively involved in Theater where she honed her specialty of annoying Mr. Blanchard. Working with Mr. Blanchard again as an adult has allowed her to continue actively annoying him! =) Ms. Humphries is an active community member and loves teaching high school, participating in homecoming dress up days and going to as many of her students' activities as she can. When she's not working, you'll find her spending time with her husband and 1 year old daughter, Loxley, or watching reruns of The Office. Working in Crosby has been a great experience. She loves working here because there are so many people who work here that are also invested in the community. These people are always pushing each other to make CISD the best it can be.

IF you had to choose the greatest work of art in history, what would it be and why?

"My serious answer is the entirety of the Sistine Chapel. I could stare at it for hours. Plus, staring at it for hours means you're in Italy which is awesome! My other answer is Stonehenge. You have to see it to believe it!"
