

Fundamental Question: What is the function of the Endocrine System?

Review the images on pages 20-21 of your Student Guide. Discuss how you feel about each scenario – Does the picture make you excited, scared, happy, sad, worried, relaxed, tense, anxious, surprised? Also, discuss how your body would react – would you run away, fight, laugh, cry, hide, stay in place. Complete the table, based on your discussions.

The Encounter/ Experience	Emotion	Reaction
Taking a test		
Being at the beach		
Seeing a tornado nearby		
Crossing paths with a grizzly bear		
Skydiving		
Noticing a suspicious figure while walking		
Seeing a neighbor's house on fire		
Seeing two dogs dressed in costumes		
Receiving money
