

Dual Language Two-Way Immersion Parent Information Session

Give your child the gift of a second language

Studies have shown that the younger a child is when exposed to a second language, the more easily a second language can be learned.

Benefits of the Program

- Become bilingual and biliterate.
- Exposure to other cultures and languages.
- Developing the brain in ways that increase academic potential in all subjects.
- Raising S.A.T. achievement and increasing college entrance opportunities.
- Preparing students to meet the challenges of a global society.
